

**Minutes of the Meeting
Northfield Selectboard
Municipal Building Conference Room
June 20, 2007 – 5:00p.m.**

Board of Selectman Chairman Adams opened the meeting at 5:00 p.m. Also present were Selectmen LeClair, Johnson, Morse, Sanders (joined the meeting about 5:20 pm), Ambulance Director, Jim Baraw, NAVI President, Mark Podgwaite, and Municipal Manager Allard.

The purpose of the meeting was to discuss the viability of the ambulance service continuing to function as it currently does depending on the volunteers to provide coverage. Ambulance Director Baraw and NAVI Director Podgwaite explained the certification and recertification requirements for the attendants.

We are totally dependent on our volunteers to assist our only full-time employee. Options are to continue as we are now; look at scheduling to secure coverage at peak call times; a modified contract with Barre Town Ambulance or some other combination of any of the above options.

The Manager and Directors Baraw and Podgwaite will review any and all options and report back to the Board.

Respectfully submitted,

Nanci A. Allard

Nanci A. Allard, Acting Clerk
